

Did you know that Lakeview Supermarket and Deli has a great line of fresh Frozen fish, shrimp, scallops & even Calamari Steaks?

Did you know that Lakeview also has all kinds of lamb, ground turkey, & even ground Bison?

In fact you might be surprised to find that we regularly carry many, if not all of the following:

Fresh frozen, Red Snapper, Alaskan Cod, Tilapia, Mahi Mahi, and Salmon. We carry about 4 or 5 sizes of shrimp, all peeled and de-veined, and ready for use. We carry a very tasty and larger size 250-350 size salad shrimp that is cooked & ready to throw on your favorite salad.

Our scallops are very large 20-30 size, & our Calamari Steaks are usually about 6-10 ounces.

Do you like Lamb? We have leg of lamb, center cut lamb loins and chops, and also carry lamb shoulder chops and round bone arm chops. If you haven't had shoulder or arm chops lately, give them a try. They are 30-40% less money than center loin chops, but are bigger and, I think, more tasty! We also have ground lamb.

Speaking of "ground," we also have local super lean ground bison (and some other bison cuts too!) and we have a great ground turkey, and turkey meat loaf that we grind ourselves from juicy turkey thigh meat. All of these are frozen in convenient one pound packs!

Is Boneless skinless chicken your thing? We sell nearly a thousand pounds of boneless breast meat every month, but you have really got to try our boneless skinless thigh meat instead. The thigh meat is much more juicy and makes any casserole, stir-fry, or chicken dish more tender and tasty.

All chickens are not created equal. Give our Golden plump all natural chickens a try. They are always the same size (about 4lbs) and have no extra fat and no necks or livers to deal with. You get just great juicy, tender and flavorful chicken. Remember too, that we cut and pack your chickens and pieces any way you want!

We have young beef liver too! If you like liver you will love this stuff. We cut the liver, when it is still nearly frozen, and quickly pack the slices into small 1-2lb packages and immediately throw them in the freezer. When you thaw and open the liver, it will be as fresh as any beef liver you have tasted.

We also have every conceivable cut of beef and pork, just give us a call. We have skirt, flank, cube, & chicken fry steaks. We have Pork butt, loin & crown roasts too!

***Call for current prices on any or all of the above items!***

***And we can get just about everything else that you might need. Just give us a call anytime from 8-8 seven days a week at 274-5573, or email us at [kwpii@mchsi.com](mailto:kwpii@mchsi.com)***
